SITHU AUNG KHANT

FRONT END DEVELOPER

LinkedIn   GitHub   Frontend Mentor   sithu.sithuthedev@gmail.com

SUMMARY

Passionate Front-End Developer with a penchant for crafting visually stunning and functionally robust websites. Proficient in HTML, CSS, and JavaScript, navigating the React landscape. Ready to transition skills into a professional environment, actively pursuing opportunities to contribute innovative solutions and deliver exceptional results as a front-end development professional.

SKILLS

- HTML
- Bootstrap
- Npm
- CSS
- SASS
- Git
- JAVASCRIPT
- React.js
- GitHub

PROJECT EXPERIENCE

Image Search App   Live site / GitHub
- **Bootstrap , JavaScript, Pexel's API**
  - Developed a responsive image search web app using Bootstrap.
  - Integrated Pexels API for real-time image retrieval and display.
  - Implemented JavaScript to enable dynamic keyword-based image searches, providing users with real-time access to a wide range of high-quality visuals from the Pexels API.

Social Media Dashboard (Dark/Light)   Live site / GitHub
- **JavaScript, SASS**
  - Developed a responsive social media analytics dashboard with a dynamic Dark Mode to Light Mode toggle switch, enhancing user experience, accessibility, and customization.
  - Streamlined CSS development with SASS for improved project maintainability and scalability.
  - Enhanced user experience by automating theme preference detection and local storage integration in JavaScript.

Newsletter Sign Up Page   Live site / GitHub
- **HTML, CSS, JavaScript**
  - Developed a responsive Newsletter sign-up page to collect emails for newsletter subscriptions.
  - Implemented regular expressions (Regex) in JavaScript to validate user-entered email addresses, ensuring data accuracy and integrity.
  - Enhanced user experience with dynamic event listeners, allowing real-time manipulation of the DOM to provide immediate feedback when users enter incorrectly formatted email addresses.
